COUNTY AGENT AND 10 CLUB MEMBERS GO TO STATE FAIR

County Commissioner C. L. Greene Pays Railroad Fare for Young People and Fair Association Entertains Them—Miss Wilcox Will Take Girls to Dallas Next Week.

County Agent N. R. Tisdal and the members of the boys club who were fortunate enough to win a free trip to the State Fair are in Dallas taking in the exposition. They left Monday night and will probably return Sunday.

The passes were distributed to winners in the County Fair which closed in Vernon Saturday. Railroad expenses to and from Dallas are being paid by County Commissioner C. L. Greene, and the youngsters are the guests of the State Fair Association while in Dallas.

The boys were furnished with passes before they left Vernon, and badges for the purpose of identification were given out on arriving in Dallas. Committees met there and showed them to the Exposition grounds. They carried their bedding and toilet articles and the occasion will be in the nature of an encampment.

Members of the party are: N. R. Tisdal, county agent; Everett Sherman, Oklahoma Route 1; Fernon Priddy and Earl January, Hamk; Thomas Sullivan and Oscar White, East Vernon; Lige Cook, Tolbert; Owen Hudleston, Hane; Carrol and Ray Nix, Oklahoma; and Tommie Smith, Fargo.

The members of the girls' clubs who were awarded trips to the fair, accompanied by Home Demonstrator Miss Ohmie Wilcox, will go to Dallas next Monday night and be the guests of the Fair Association for four days. Their railroad expenses will also be paid by Mr. Greene. The girls are busy this week making their uniforms and getting ready for the trip.

The following girls were awarded free trips: Rana Pamley, Vernon; Ruby Sellers, Route 1, Chillicothe; Ruth Tisdal, Vernon; Pearl Mathis, Route 3, Vernon; Lois Birchfield, Route 1, Vernon; Lila Alfred, Route 2, Chillicothe; Julia Morris, Harrold; Leslie King, Oklahoma; Luma Killingsworth and Malissa Inman, Route 2, Tolbert; and Lona Raper, Route 2, Vernon.

Solon Hane Buys Home.

In a real estate deal negotiated by Arlie Berry, Solon Hane of the Talmadge country has bought a place in Northwest Vernon from the Moore estate. Mr. Hane will probably move to town and occupy this property as a home.

Holley and Sours Open Lunch Room.

Fred Holley and Harry Sours have opened the "little lunch room" just south of J. A. Puckett's grocery store. The new restaurant will specialize on box lunches for people who do not find it convenient to go home for dinner or to take to school.

BURGLARS ENTER A. C. HAHN'S STORE

ABOUT \$400 WORTH OF CLOTHING AND \$30 IN CASH ARE TAKEN.

Forcing an entrance by prying open one of the back windows, burglars entered the dry goods store of A. C. Hahn on North Main street Wednesday night and made away with about \$400 worth of clothes and cash amounting to approximately \$50, Mr. Hahn estimates. The goods were apparently taken out through the window by which the entry was made.

Local police are working on the case. Sheriff W. A. Ish urges upon the business men in this connection the importance of seeing that the rear of their buildings be put in burglar proof condition. A number of houses do not have locks on their windows that will offer any great resistance and a great many of the back doors serve only as an invitation to burglars, Mr. Ish insists. Mr. Ish expects an influx of men of questionable character this fall and considerable burglary is probable unless these steps of protection are taken.

VERNON HOG WINS FIRST AGE CLASS AT VICTORY FAIR

High Orion Lady 2nd Gets First Over Durocs From All Over South After Winning Sixth in International Show at Des Moines—Local Herd Gets Many Other Prizes.

High Orion Lady 2nd has brought more fame to Wilbarger county as a hog producing locality by winning first in the age class at the Texas State Fair. She was taken to Dallas after having been shown in the International Show at Des Moines, Iowa, where she won sixth in competition with the cream of porkers from all over the world.

The sow is owned by Daniel Bond and is head of his Vernon Duroc Jersey Farm. She was taken out of the breeding pen only about six weeks ago, and for this reason her winning at both of these shows is a higher tribute to her quality, because it takes from eight to nine months to properly fit a hog to show in the International, and those are the kind of hogs Vernon Duroc Lady 2nd was shown against.

The class of competition against which the local sow was pitted is shown in the following list of exhibitors, which includes the most famous herds of Kansas, Oklahoma and of the South in the Duroc class:

W. B. Dorman, Nashville, Ark.; J. H. English, Campbell, Texas; Finerty & Williams, Oklahoma City, Okla.; Dr. A. W. Ferguson, Palestine, Texas; J. T. Fortenberry, Lone Oak, Texas; W. P. Greer, Sulphur Springs, Texas; Homan Hog Farm, George P. Dillard, Seguin, Texas; H. L. Lyles, Sulphur Springs, Texas; J. A. Martin, Jr., Agricultural College, Mississippi; Pine Crest Farm, Charleston, Miss.; Doyle Robinson, Waxahatchie, Texas; Carl Reese, Hillsboro, Texas; J. H. Rigland, Lone Oak, Texas; Chl & Son, Dallas, Texas; Vernon Duroc-Jersey Company, Vernon, Texas; M. E. Willis, Campbell, Texas; W. T. Watson, Montalba, Texas; Zink Stock Farm, Turon, Kan.

Mr. Bond also won third on breeder's herd for Duroc-Jerseys. In the future he took two prizes on boar pigs, one on sow pig, and on litter. In the American Promotion Club Show he won first on sow pig, fourth on boar pig, and third on young herd. He had about thirty-five hogs at Dallas in charge of C. W. Trigg.

MRS. HIATT'S NEPHEW WEDS.

Dr. John Allison Nunn and Miss Lena Schell Married at Mendenhall, Mississippi.

Mrs. A. M. Hiatt has just received cards announcing the marriage of her nephew, Dr. John Allison Nunn, to Miss Lena Schell of Mendenhall, Miss. The marriage occurred Wednesday, September 3, at the residence of the bride's mother, Mrs. S. J. Schell of that city. They are now at home at Portsmouth, Va.

Dr. Nunn is a son of Mr. and Mrs. W. R. Nunn who formerly lived in this county, leaving for Tennessee, thirteen years ago. Dr. Nunn and Dr. Sumrow Greene of this city were schoolmates in Vanderbilt University.

Mrs. Hiatt's nephew was a surgeon in the Navy during the war and met Miss Schell, who was a nurse, while in a hospital for an operation. Friends are extending congratulations.

STOREY IS TOASTMASTER AT BANQUET OF EX-DRAFT BOARDS

Cecil Storey left yesterday for Dallas to attend a convention of the local Selective Draft Boards of Texas. Mr. Storey, who was chairman of the Wilbarger county board, is also president of the Association of the local boards of the State. He will preside as toastmaster at a banquet of the ex-members of the boards to be given at the Adolphus Hotel Saturday night. Mr. Storey will also attend the State Fair while in Dallas.

Elder Walker Is "Pounded."

Elder Tom Walker, pastor of the local Church of Christ, was pleasantly surprised Tuesday night when the members of his congregation gave him an old fashioned "pounding," at his new home on South Fannin street. They left him with a pantry well filled with every imaginable edible.

WIFE AND DAUGHTER OF PRESIDENT AT BEDSIDE

PROMINENT YOUNG COUPLE MARRIED

MISS HARRIETT SHIVE AND WALTER McCABE ARE WED IN AMARILLO.

Miss Harriett Shive and Walter McCabe surprised their many friends by being married Tuesday afternoon in Amarillo. Rev. Sam R. Hay, pastor of the First Methodist Church of Amarillo, and a life-long friend of the family, performed the ceremony.

The wedding was to have taken place later in the autumn. Mr. McCabe met Mr. and Mrs. Shive and their daughters in Amarillo on their return from California, where they had been spending the summer, and the nuptial rites were solemnized at the Methodist parsonage in the presence of the immediate family of the bride.

Mrs. McCabe is a daughter of Mr. and Mrs. T. H. Shive of Vernon, and has lived here practically all of her life. She is a graduate of the local high school and was a student in the Texas Presbyterian College at Milford.

Mr. McCabe is a son of Mr. and Mrs. W. M. McCabe, and for the past year has been assisting his father in overseeing their farms. He was a student of the city schools and the West Texas Military Academy of San Antonio.

The young couple will make their home here.

The Record joins a host of friends of the popular young people in congratulations and best wishes for their future happiness.

FORMER PASTOR PREACHES.

Rev. Ben M. Edwards of Paris Fills Pulpit at Local Christian Church.

Rev. Ben M. Edwards of Paris filled the pulpit at the Central Christian Church at both morning and evening services last Sunday. Rev. Edwards was pastor of the Vernon Church for several years, resigning to accept the pastorate of the Christian Church in Paris about a year and a half ago. He returned to his home Monday.

Rev. Ernest J. Bradley of Big Springs, Texas, preached at the prayer meeting service Wednesday night.

No preaching service is scheduled for next Sunday.

Culture Club Elects New Members.

The Culture Club had a called meeting Wednesday afternoon at the Carnegie library, for the purpose of finishing up the past year's work and electing some new members, who were on the waiting list. The next meeting of the club will be October 2, with Mrs. J. G. McCarroll. The hostess will be assisted by Mesdames E. F. Piper, T. L. Rouse and W. A. Wilhelm.

Is Released on Bond.

Henry Meier made bond and was released from the local county jail Tuesday. Meier was being held on a charge of theft of an automobile in Childress county and his case will come up at next term of the district court in that county. He received a suspended sentence on a similar charge in the recent session in Vernon.

HOME SCIENCE CLUB TO GET YEAR BOOKS

MRS. R. B. GIBSON HOSTESS FOR FIRST MEETING OF NEW YEAR.

The Home Science Club is meeting this afternoon with Mrs. R. B. Gibson of West Texas street.

This is the first regular meeting of the new club year. The new year book will be distributed and the members of the club will take up work in earnest.

For this meeting Fields contributes the couplet, "How sweet and gracious even in common speech, is that fine sense which men call courtesy." Mrs. J. E. Collins, one of the past presidents will give the history of the club, which is the oldest federated club in the city. Mesdames R. B. Gibson, R. S. McCondie, H. B. Wilhelm, R. D. L. Killough and J. A. Lucky will demonstrate a delicious two-course luncheon, consisting of chicken salad, stuffed tomatoes, potato chips, butter sandwich, tea; caramel ice cream, white cake.

MRS. R. H. NICHOLS HOSTESS.

Fifty Guests Enjoy Hospitality of West Texas Street Home in Farewell Party.

Mrs. R. H. Nichols entertained fifty guests Tuesday of last week at her home on West Texas street. The house was beautifully decorated in autumn flowers and leaves and ten tables were arranged for forty-two. Mrs. Nichols met the guests at the door, assisted by Mrs. Emory Rhoads, who directed them to the dining room where Mrs. F. E. Nowlin and Miss Emma Rhoads presided over the punch bowl.

After the serving of delicious punch, the couples took their places at the tables where Little Mary Nichols, daughter of the hostess, Minerva Price Rhoads, Louise and Cornelia Johnson passed the score cards. At the close of the games brick ice cream and cake were served.

This affair was something akin to a farewell party as Mrs. Nichols contemplates moving soon to Amarillo where Mr. Nichols will be editor of the newly organized Daily Tribune.

WAS SAVING CANNED FRUIT WHEN CELLAR CAVED ON HIM

E. A. Vernon, who lives in Southwest Vernon, narrowly escaped a serious accident Wednesday morning, when his storm cellar caved in from the sides. When the storm was at its height, Mr. Vernon realized that the canned fruit in the cellar needed attention so he tried removing it to higher ground. While at work with the fruit, the cellar caved in. Mr. Vernon managed to extricate himself with difficulty by scratching out.

Delphians Will Study Chivalry.

The Delphian club will meet at 2:30 o'clock Wednesday afternoon with Mrs. R. D. L. Killough. The lesson will be found in the Delphian course No. 8 and the first set of questions will be used under "The Age of Chivalry."

GRAPEVINE PUPILS COME TO VERNON

EDITH WHITLEY AND LADIA RUSSELL ALLOWED \$20 A MONTH BY STATE.

Miss Edith Whitley and Miss Lydia Russell enjoy the unique distinction of being the only pupils of scholastic age in the Grapevine school district. Miss Whitley is a student in the Vernon high school and Miss Russell is in the Central school, so there will be no teacher employed for Grapevine this year.

Last year the teacher resigned, because of the scarcity of pupils in this particular district. Superintendent J. N. Fulcher was puzzled, as to what mode of procedure to take about the matter this year. Mr. Fulcher felt that those pupils should be allowed to go to the city schools and all expenses paid. He referred the matter to Annie Webb Blanton, Superintendent of Public Instruction, and she ruled that it was not permissible under the existing law to use the tax money for board and lodging. Miss Blanton advised, however, that \$20 per month could be allotted to the parents of these children for transportation. They also have free text books.

The young women are enjoying every advantage of the city schools.

PADUCAH DOCTOR LIKES VERNON

Visiting Physician Doesn't See How Community Gets Along Without Hospital, However.

Dr. W. H. Alexander of Paducah was in Vernon this week, and says it is one of the most attractive towns he has seen. He was surprised, however, that the community doesn't have a hospital.

It is Dr. Alexander's opinion that no institution would provide more for the comfort of the community than a hospital where the sick could be taken and cared for properly and with a minimum of expense. He called attention to the fact that Quanah, Childress, Clarendon, Plainview, Lubbock, Post City, Floydada, and many other places, all smaller than Vernon, have first class hospitals and regard them as too valuable to set a price on.

Thursday 42 Club Organized.

A new club was organized yesterday afternoon, which will be known as the Thursday Forty-Two Club. The membership is limited to twenty members, and at the first meeting with Mrs. M. R. Sewell, Mrs. O. T. Warlick was elected president, and Mrs. W. A. Wilhelm, secretary-treasurer. The next meeting of the club will be held with Mrs. T. J. Summerour, Thursday.

Clarence Teel to Canadian.

Clarence Teel has resigned his position with the T. M. Ferguson Drug Company and moved to Canadian, Texas, where he has accepted a position with his uncle in the automobile business. He is succeeded in the local store by Earl Martin.

DALLAS MAIL ORDER HOUSE PUTS BRANCH STORE IN VERNON

John A. Gaut, Who Lived Here Thirty-Five Years Ago, Will Manage \$50,000 Stock of Southwestern Sales Company for Present—R. E. L. Wood and Other Local Men Interested.

Vernon is to have a mail order house. This announcement comes from John A. Gaut, representing the Southwestern Sales Company of Dallas, who advises that this concern will establish a branch house in Vernon to be located in the building on the corner of Wilbarger and Cumberland streets, at present occupied by the R. E. L. Wood machine shop.

The local branch will carry a complete stock of automobiles, accessories and implements, and will be in position to handle orders on the Dallas house for various articles of hardware and racket store goods. A \$50,000 stock is being shipped to Vernon, it is announced, and Mr. Gaut advises that it may be necessary to build an additional warehouse here.

Mr. Gaut will be in charge of the local house until it is well established, after which time the management will be assumed by R. E. L. Wood. Besides Mr. Wood, a number of local men are interested in the new business, including J. D. and L. E. Key.

The Dallas concern has had representatives looking over this section for the purpose of seeking out a location and Vernon was chosen. One of the deciding factors, Mr. Gaut said, was the fact that so much of Oklahoma is accessible from this point. The Vernon branch will be the only house established this side of Dallas, he said.

Mr. Gaut is a former resident of Wilbarger county, having lived here for several years some thirty-five years ago. His brother, R. B. Gaut, formerly owned what was known as Paradise Heights and did some early settlement work in Vernon.

MAKES PROFIT ON PEPPER

Sixteen Rows Planted by John Love Near Roundhouse Will Net Over \$200.

Sixteen rows of sweet pepper plants near the roundhouse, have been producing about 150 pounds a week for several weeks and not nearly all of the crop has been gathered. Mr. Love is receiving 10 cents a pound for the vegetable and estimates that this crop will bring him a net profit of about \$200, provided the plants are not killed by an early frost.

Mr. Love raises some truck every year and has proven, to his own satisfaction at least, that good money can be made by raising vegetables in this country. He says the greatest trouble with most people who try to grow truck is that they do not take enough pains. They expect garden stuff to produce with a minimum of labor, he says. He cultivates his truck patches a great deal and sees to it that plants never suffer for moisture.

INFANT IS KILLED WHEN IT FALLS OFF BED INTO JAR

Funeral services of little Joda Peters were conducted at the home of J. E. Spears about 2:30 o'clock Wednesday afternoon by Rev. W. T. Rouse, pastor of the First Baptist Church. Interment was in East View Cemetery.

Deceased was the eight-months-old daughter of Mrs. L. J. Peters. Death occurred Tuesday resulting from injuries received when the little one fell off a bed. The mother left the baby asleep and when she returned a few minutes later, the infant had fallen head foremost into a large jar of water. She died a few minutes later.

Mrs. Peters is a sister of Mrs. Spears, and has been visiting in Vernon for some time. Her home is in Ash Flat, Ark.

Friends unite in sympathy for the bereaved mother.

H. A. Samuel's Sister Dies.

H. A. Samuel went to Dallas Sunday to attend the funeral of his sister, Mrs. Charles Campton. Mrs. Campton died Sunday from the effects of a stroke of paralysis. Friend will unite in sympathy for Mr. Samuel.

MORE RAIN IN FIVE DAYS THAN IN ALL 12 MONTHS OF 1917

Seven and a Half Inches of Precipitation From Saturday to Wednesday Puts Streams on Rampage—Moisture Damages Cotton But Will Benefit Farmers Who Want to Plant Wheat.

Seven and a half inches of rain fell in Vernon between Saturday and Wednesday, according to the gauge of J. R. Renfro, official weather man. The precipitation Saturday night and Sunday was nearly an inch and three-quarters and a miniature flood Tuesday and Wednesday morning added five and three-quarters inches.

This is more rain, by a quarter of an inch, than fell all during the year of 1917 and only a little less than the total rainfall for 1916.

After a clear day yesterday, a typical fall rain set in again this morning with little indication of abating.

The rain was general and cotton was necessarily damaged more or less. Fortunately the downpour was not such as to beat out the lint and it was accompanied by little wind; otherwise the damage to the staple would have been considerably augmented.

The moisture will be of great benefit to farmers who were waiting for rain before finishing their plowing to plant wheat, and the work of getting seed in the ground will be rushed.

Rivers and creeks were all on a rampage Wednesday. The wagon bridge over Peace river immediately north of Vernon, the Denver railroad bridge over this stream and the Frisco bridge across Red River were threatened, but no damage has been reported, other than three bents of the wagon bridge considerably out of line.

A number of culverts were either washed out or damaged. The roadbed of the Frisco was threatened by an overflow of the Peace river northeast of town, and some crops were injured from being overflowed.

One of the greatest inconveniences caused by the rain was the damage to rural telephone lines. A number of farmers were isolated on account of wires being down or short circuited.

Reports indicate that the rain was general over this section, and considerable damage resulted in many places. An overflow into the John R. Scott flour mill at Childress resulted in the loss of 2,500 bushels of wheat.

Local Girl Honored at College.

J. A. Puckett has received a message from his daughter, Miss Florence, who is attending Valparaiso University in Valparaiso, Ind., announcing that she has been appointed on the social committee of Linpke Hill. The committee is composed of six members and the appointment carries with it quite an honor. Miss Puckett has been ill for several days but is considerably better, she writes.

EXTRA SEATS FOR SYRIAN LECTURE

PRESBYTERIAN CHURCH PLANNING FOR LARGE CROWD AT SUNDAY MORNING SERVICE.

Extra seats are being placed in the auditorium of the Presbyterian Church for use Sunday, when Princess Rahma Halder of Syria will give two lectures. The morning lecture is entitled "Under Syrian Stars," and deals with the customs and manners of far-away Syria. At the same place at 8:15 that night she will present her original drama, "Naa man, the Leper." Princess Halder is a woman of rare intellectual attainment and speaks English fluently, having received her education at the leading colleges of the old world and in America.

She is intensely Oriental in appearance and manner, and clothed in the royal blue robes of Damascus, embroidered in gold and jewels, the scenes she portrays are very realistic. She is assisted by Miss Lacie Burgess, Oriental singer and interpreter.

The princess is traveling under the auspices of the Presbyterian board and no charge will be made for admittance.

State Highway Department Reports Wilbarger County Has 1,421 Motor Cars Registered.

The number of car owners in Wilbarger county is increasing at a rapid rate and the lead the county has over its neighbors in this respect becomes greater with every report issued by the State Highway Department at Austin. The records of County Collector C. M. Blair show a registration of 1,421 cars. Hardeman county has 758 cars, according to figures issued from Austin. Childress has 577; Ford, 399; Hall, 731; Cottle, 237; Collinsworth, 713; Baylor, 392; Wichita, 6284.

The total number of cars registered in the state is given at 297,123. Dallas county leads with a total of 19,111.

DON'T SCOLD MOTHER THE CROSS CHILD IS BILIOUS, FEVERISH

Look at tongue! If coated, clean little stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cod, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a tea spoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggists for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Ad. 51

At Age of Seventy She Gains 25 Pounds

Since Taking Tanlac Mrs. Rollins Feels Better Than in Twenty Years.

"I am seventy years old and have been in poor health for a good many years, but since taking Tanlac I feel better in every way than I have in twenty years," said Mrs. M. B. Rollins, of 110 West 39th street, Seattle, Wash., recently.

"For twelve years," she continued, "I suffered constantly from stomach trouble and what I ate caused me so much misery that I dreaded to see meal time to come. I suffered terribly from rheumatism and sometimes my feet and legs were so badly swollen that I couldn't walk and my arms would get so stiff and sore that I couldn't use them at all. My nerves were in such an awful condition that the slightest noise would upset me and I could never get a good night's sleep. I became so weak and run-down that I gave up and went to bed where I lay for five long weeks.

"I heard so much about Tanlac that I asked my son to get me a bottle and after taking a course of the medicine I am perfectly well again. I feel twenty years younger and am strong

enough to do all my housework without any trouble. My appetite is fine. I eat anything I want and never suffer any pain afterwards. The rheumatism has entirely gone, my nerves are all right and I sleep like a baby every night. The way Tanlac has overcome my trouble and built me up is like a miracle and any medicine that will do that much for a person of my age is worth its weight in gold."

Tanlac is sold in Vernon by T. M. Ferguson Drug Company and other leading druggists. Adv. 1t

Miss Mardiganian is now in America, where she came for the filming of her wonderful story. Of the million of young Armenian girls, she is the only survivor. Seventeen girls bound on horses were driven ahead of Bekram Bey the Kurd Sheikh to the city of Diabekir. Outside the gates stood sixteen large crosses and he was tired of his charges. "That is why I am here," said the Armenian maiden. "So great is the demand to see this picture that a week's run is of common occurrence and midnight shows are also added to the daily program. The story of the extinction of a nation is graphically portrayed and is said to be the most vital and thrilling picture ever made in the history of the silent drama.

YOU certainly get yours when you lay your smokecards on the table, call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular cut!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

SELL SOME COTTON.

A suggestion to sell cotton when the lint is bringing close to 35 cents a pound seems unnecessary, particularly when only five years ago farmers were scrambling to get 8 cents. Some farmers, however, have indicated a determination to hold for still higher prices.

The Government estimate of 10,696,000 bales is 534,000 bales fewer than the estimate for September 2. The State Department of Agriculture estimates that there is a possible 13,000,000 bale supply (including the carry over) to meet a demand for eighteen to twenty million bales.

It is reasonable to assume, then, that cotton will be higher. Some insist it will go to 50 cents a pound.

Be this as it may, the farmer who is in debt is not pursuing a wise policy when he holds all of his cotton. It is like a man who doesn't have the money to lose speculating in oil. Even with increased cost of production, cotton yields an attractive profit when the farmer receives \$200 a bale for the lint and seed.

Merchants and bankers will undoubtedly be willing to help the farmer carry over a portion of his cotton. He can hardly ask, in fairness to himself or them, that they help him hold all of it. The business man takes his profits when a reasonable profit is offered; so does the wise speculator. Undoubtedly the farmer should hold some of his cotton. He should also sell enough to pay his debts and provide for the needs of his family and his farm.

Vernon does not seem to have done much cleaning up yesterday in observation of State Fire Prevention Day. Nor has the community taken any visible means to prevent another epidemic of disease which physicians warn is likely when colder weather sets in. It is to be hoped that parents are taking precautions with their children—that they are clothing the youngsters properly during these wet days, and that their bodies are being nourished so that when disease does come there will be a reserve to draw on in the grim battle with influenza, or whatever else may come.

CINCINNATI REDS WIN IN WORLD CHAMPIONSHIP SERIES

The world series for the pennant between the National and American League is ended and the Cincinnati Reds of the National League are winners. Yesterday afternoon at Comiskey Park, Cincinnati, the White Socks met their Waterloo. The score being 19 to 5 in favor of the Reds.

Dicky Kerr, an ex-Panther pitcher was the star and idol of the Chicago fans but the team, as a whole, seems to have been outclassed at every point of the game except the fielding. Ned Eller was the main pitcher of the victors and remained master to the end of the series. Chicago won 3 and Cincinnati 5 of the eight games played. Cincinnati won its first championship game in 1890 and has been "in the cellar" most of the time since.

Mr. Progressive Farmer.

April, 1883, I started Farm and Ranch. I believed then, although their number in Texas was not very numerous, that the progressive farmers and livestock breeders would patronize a real farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many who became subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch, and leave it to them, and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interests of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been, at all times, clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have every man in Texas who has faith in farming in its different branches become a subscriber to Farm and Ranch.

Send me your subscription, and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately.

You who do not know Farm and Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) dollars for three years—156 copies. No subscription taken for a less amount and time.

Please send your subscriptions direct to

Yours faithfully,

FOSTER'S WEATHER BULLETIN

(Copyrighted by W. T. Foster.)

Washington, D. C., Oct. 10.—Warm waves will reach Vancouver about Oct. 10, 14 and 19 and temperatures will rise on all the Pacific slope. They will cross crest of Rockies by close of 11, 15 and 20; plains sections 12, 16 and 21; meridian 90, great lakes, middle Gulf States, Ohio-Tennessee valleys 13, 17 and 22; eastern sections 14, 18 and 23, reaching vicinity of Newfoundland about Oct. 15, 19 and 24. Storm waves will follow about one day behind warm waves and cool waves about one day behind storm waves.

These storms will dominate the weather of this continent from near Oct. 10 to Oct. 24. Temperatures will fluctuate but, while the season calls for a general trend downward of about 9 degrees I expect the average trend, to be upward more than 10 degrees from Oct. 9 to 21 and then a cold wave that will bring a great fall, causing frosts to threaten northern parts of the cotton belt.

The two principal storms of the month come within this 14-day weather period and they will largely increase the amount of precipitation which will continue to be in about the same sections as for the past three months. These principal storms of October will occur during the five days centering on Oct. 12 and 25 and last storm will be unusually severe and will probably develop two sets of storms, one, described above, the other a tropical storm which may develop into a hurricane.

These hurricanes are not well understood; they constitute one cause of the occasional failures of these forecasts. The hurricanes often destroy the transcontinental storms, turning a high temperature wave upside down and into a cold wave or blizzard. Mr. Glines, of Winnipeg, did more than any other man in furnishing means for solving these great weather problems, but he died before we reached the important question of tropical hurricanes. The transcontinental storms and the crop weather controlled by them have been solved. If the tropical hurricane was solved—and it can be—North America would be immensely benefitted. Whoever provides for solving that problem will accomplish a great work for his or her race.

These October storms will greatly benefit the principal winter wheat sections, particularly where winter grain is sown for pasture, but in the spring wheat sections, north of the high ridges that run east and west, precipitation will continue short because the moisture must come from the Gulf of Mexico and will be precipitated on the south side of those ridges. Precipitation will continue to be heaviest in the cotton States and in the Arizona-New Mexico country.

The reader should keep in mind that when I say heaviest I mean most above normal of the section and do not mean in actual inches of precipitation. I expect the greatest precipitation in inches and above normal, to continue in the eastern cotton States.

Jupiter, Saturn, Mars and Venus will continue to shine brightly of evenings and will appear to be near each other. Neptune is beyond Jupiter but can not be seen without the telescope. Mercury is beyond the Sun. Some regard as dangerous the five planets being on one side of the Earth.

Mr. and Mrs. J. T. Oats returned last night from Floydada. They made the trip in a car and Mr. Oates, himself, cannot explain how he ever got over the roads after the floods recently visited upon the country he had to pass through.

The Buick Built Transmission

The sliding gear type of transmission is used on Buick cars because of its strength, convenience and quietness of operation.

Three forward speeds are provided, so that the motor speed with relation to the speed of the rear wheels may be instantly adjusted to meet any conditions that may be encountered, such as putting the car in motion, driving in deep sand, heavy mud, on steep grades or ordinary roads. It requires only a slight movement of the lever to shift the gears.

The speedometer drive is enclosed in the transmission, thus eliminating all toggle joints and gears from the front axle.

All gears run in a bath of oil, the universal joint at the rear of the case being automatically lubricated from the same source, the oil from the transmission case entering the universal joint through the rear bearing.

U. S. Davis, county chairman of the Salvation Army Drive for funds announces, that he has received a late wire from the Salvation Headquarters at Fort Worth urging the speeding up of the work in his district.

Mr. Davis has been asked to see that all towns and communities in his district make an extra effort to exceed each quota assigned; although the county as a whole is over the top.

The necessity for this is evident from the fact that so many communities and cities have fallen down on the work of raising funds. The quota for this state is nearly \$600,000 and a little over half has been raised.

A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tone"
Man, Tells the Treachery
of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

RED CROSS WILL
ELECT OCTOBER 22

WILL UNVEIL LAST
SUNDAY IN OCTOBER

EXECUTIVE COMMITTEE WILL
NAME OFFICERS FOR
ANOTHER YEAR.

LOCAL W. O. W. LODGE SETS DATE
FOR HONORING DECEASED
MEMBERS.

The annual meeting and election of the American Red Cross will be held by each chapter on the 4th Wednesday in October. This is October 22.

The Southwestern division is asking that a short snappy program be carried out, that day outlining the peace-time work of county chapters, branches and auxiliaries. Annual reports will also be read by the chairman of the standing committees and from each branch representative on the chapter executive committee.

As no branch chapters have been organized in this county, the time allowed for branch reports will be given to the nominating committee and the casting and counting of the ballots for the new chapter committee.

At this meeting presentation of plans for the Third Red Cross Roll Call, November 2nd to 11th, will be discussed.

It has been suggested by the heads of the South-Western Division, in so far as possible, that present members of the executive committee be retained and also the heads of the standing committees. Where changes must be made no one is to be nominated, whose willingness to serve has not first been ascertained.

In a later issue of The Record a list of the nominees will be printed and also posted in prominent places. All adult members of the chapter are eligible to vote. The present executive committee will have the power to decide the method of casting and counting the ballots.

The newly-elected executive committee will be called together by the retiring secretary, before November 15, and this new committee will elect the officers and standing committees for the coming year.

White City News.

White City, Oct. 6.—(By special correspondence.)—One of the largest rains of the season fell here Saturday night. Very little damage was done to the open cotton as there was very little wind with the rain. Some hail fell Saturday evening, but not enough to damage anything.

Owing to the rain there were no services at the Church Sunday and Sunday night but good attendance at Sunday School next Sunday is hoped for.

Most every family in this vicinity was represented at the County Fair the past week. Quite a few are planning to attend the State Fair in Dallas.

Mr. and Mrs. L. E. Key have moved to Vernon. C. E. Hobson bought his cotton crop and has moved in the house vacated by Mr. Key. Mrs. Hobson and children are living in Vernon while the children are attending school there.

Mrs. Davis of Grandbury, Texas, is visiting her sister, Mrs. J. B. Gamitt, and family. Mrs. Gamitt's father, Mr. Billis, also of Grandbury visited her last week, but is visiting his son's at Lebia Lake this week.

Mr. and Mrs. Lee Armstrong and little daughters, Ruth and Doris of Doans, visited her parents, Rev. and Mrs. W. W. Adams, Thursday night.

Mr. and Mrs. Robert Hite of Red River visited their parents, Mr. and Mrs. S. E. Hite, Saturday.

Mr. and Mrs. M. M. Dimsom spent Saturday night and Sunday with Mr. and Mrs. J. P. Richardson of Doans.

West Vernon News.

West Vernon, Oct. 9.—(By special correspondence.)—Miss Lora Anderson of Iowa Park visited her parents, Mr. and Mrs. R. C. Anderson the latter part of the week, returning Sunday evening.

Mr. and Mrs. John Crawford are visiting her parents, Mr. and Mrs. C. C. King. They have been living in Burk Burnett for some four or five weeks, but are moving to Vernon.

Mr. and Mrs. J. H. Carson and daughter, Mrs. Pete Baker, returned Wednesday after an extended visit with friends and relatives in the North. They visited several of the old states and report a nice trip.

Earl Martin came home Friday and will remain at home for some time now. He has been working in Wichita Falls.

Miss Theresa Hazard and brother, Robert, visited their sister, Mrs. J. R. Huie, of Odell, Sunday.

Miss Florence Price visited Misses Alice and Minnie Martin Sunday.

Miss Wafford of Chillicothe spent the week end with her cousin, Miss Seva Anderson.

Mrs. Cassie McKee Martin and brother, Will McKee, Mrs. Jennie Paterson and daughter of Lefour, Texas, visited and Mrs. J. D. Thompson Sunday.

Miss Alice Martin received a letter from her mother, Mrs. Boone Martin, who is visiting in Lexington, Ky., stating that she made the trip fine and is enjoying herself immensely.

A. H. Murchison made a business trip to Fort Worth Wednesday.

White City News.

White City, Oct. 6.—(By special correspondence.)—One of the largest rains of the season fell here Saturday night. Very little damage was done to the open cotton as there was very little wind with the rain. Some hail fell Saturday evening, but not enough to damage anything.

Owing to the rain there were no services at the Church Sunday and Sunday night but good attendance at Sunday School next Sunday is hoped for.

Most every family in this vicinity was represented at the County Fair the past week. Quite a few are planning to attend the State Fair in Dallas.

CALL THE LAUNDRYMAN

He can tell you how to get rid of your laundry troubles in fifteen minutes. He says that it will only take ten minutes to gather all the linen, shirts and collars and other starch ware together; four minutes to wrap it securely in a bundle, and one minute to call the laundry. Total expenditure of time, fifteen minutes; time saved fifteen hours. And remember, the driver don't only take away your laundry, he gathers all the untidiness and drudgery of washday—and leaves your leisure for more womanly activities.

PIPE ORDERED FOR WATER EXTENSION

NEW FIRE PLUGS BEING DISTRIBUTED ON PARADISE AND WILBARGER STREETS.

Considerable extension in the sewer and waterworks of Vernon is being planned by the City Commission. The pipe has been ordered and fire plugs are being distributed over West Paradise and Wilbarger streets. While no definite decision has been reached as to the exact location of the lines included in the proposed extension, it is thought that the mains on these streets will be extended.

It is also probable that some improvement will be made on the municipal water plant. Bonds to the extent of \$10,000 were voted several weeks ago to cover the expense of the extension and improvements.

ATTENTION OF HUNTERS CALLED TO IMPORTANT CHANGES IN LAW

Austin, Oct. 10.—Attention of hunters is called to important and material changes, as well as differences, in State and federal game laws, in a statement by the Game, Fish and Oyster Department. Most important of these is that the federal law now forbids the shooting of curlew and upland plover, and fixes a daily bag limit of 25 on doves. The State law allows a maximum of but 15 doves.

The new bag limits and open seasons follow:

Deer, three bucks, from November 1 to December 31.
Turkey, three gobblers, March 1 to April 30.
Doves, 15 per day, September 1 to December 15.
Quail or Mexican pheasants, 15 per day, December 1 to January 31.
Ducks, 25 per day, October 16 to January 31.

Geese, brant and sandhill crane, 8 per day, October 16 to January 31.
A maximum of 25 is fixed as a day's bag limit, which would include any combination of birds listed above.

Farmers may kill birds destroying growing crops by obtaining a proper permit without regard to limit or season.

Shooting migratory fowl from motor or sail boats is prohibited by federal law. All such boats carrying passengers must obtain a license from the game, fish and oyster department.

The State law prohibits the hiring or employing of another person to hunt and makes it a misdemeanor to accept such employment. This prevents even the giving of a box of shells to a person to hunt for another.

Game now may be shipped without the hunter accompanying the shipment by protecting the bag with an affidavit. These affidavits may be taken by express agents, train auditors, conductors and boat captains.

The new hunters license costs \$2 each and is required when hunting beyond the confines of a person's own resident county, even on land owned by the hunter.

The only closed season on squirrels is in Angelina, Cherokee, Hardin, Liberty, Nacogdoches, Dallas, Rockwall, Tyler, Jefferson, Orange, Jasper and Newton counties, this season extending from January 1 to September 1 with a bag limit of five daily. There is no bag limit or closed season on javelinas and peccaries.

A material change in the State law permits the bringing in of game and game birds, dead or alive, from Mexico. The federal law, however, provides that live small may be imported from Mexico only through the port of Eagle Pass. All such imports must be upon permit issued by the game, fish and oyster department of Texas.

It is unlawful to kill any wild song bird and night hunting is prohibited in all seasons, as also is the use of any light or lantern.

ORLUNION GIRL COULD NOT GET ACCOMMODATIONS AT C. I. A.

Wilbarger county has three students in the College of Industrial Arts at Denton this year. Miss Laura Randall former bookkeeper for The Vernon Record, Miss Fannie Bourland, daughter of A. M. Bourland of the Bourland Consolidated school district, and Miss Abbie Starr of Odell. Miss Clover Nell Butler of Oklahoma went there to enroll but was unable to secure a room for the term. Miss Stella Harris of Mobeetie, a former student in the Vernon High school, accompanied the Wilbarger county students, and has enrolled.

The College of Industrial Arts opened the current session September 17, with between fourteen and fifteen hundred students. The attendance at the opening was larger than the College authorities anticipated, and resulted in about one hundred and fifty girls being returned to their homes and others who had not completed their arrangements for matriculation being advised not to come. Adjustments as to living conditions in the dormitories and in private homes of the College community have now been made and it develops that the College is able to care for about thirteen hundred and seventy-five students. However, President Bradley advises that students who have not already made their arrangements for entering the College should not come to Denton without first communicating with him and learning whether or not satisfactory accommodations are available.

SCHOOL LUNCH SHOULD BE NOURISHING AND APPETIZING

Once more the children are back in school and the task of preparing an appetizing basket lunch is their mother's every school day. The problem is to make a real contribution to the food which the children require to meet the needs of their growing bodies and active brains, to satisfy their appetites, and to keep them in health. It does not necessarily mean expensive foods or the expenditure of great effort on the part of those who fill the lunch boxes. Home-economics specialists have made a study of this question and have plainly set forth some interesting facts in Farmers' Bulletin 712, "School Lunches," which is available for distribution and can be obtained free, so long as the supply lasts, by application to the United States Department of Agriculture, Washington, D. C.

The following suggestions are among those made in this bulletin for well-balanced school lunches:

1. Sandwiches with sliced tender meat for filling, baked apple, cookies or a few lumps of sugar.

2. Slices of meat loaf or bean loaf, bread-and-butter sandwiches, stewed fruit, small frosted cake.

3. Crisp rolls, hollowed out and filled with chopped meat or fish, moistened and seasoned, or mixed with salad dressing; orange, apple, a mixture of sliced fruits, or berries; cake.

4. Lettuce or celery sandwiches, cup custard, jelly sandwiches.

5. Cottage cheese and chopped green-pepper sandwiches or a pot of cream cheese with bread-and-butter sandwiches, peanut sandwiches, fruit, cake.

6. Hard-boiled eggs, crisp baking-powder biscuits, celery, or radishes, brown-sugar or maple-sugar sandwiches.

7. Bottle of milk, thin corn bread and butter, dates, apple.

8. Raisin or nut bread with butter, cheese, orange, maple sugar.

9. Baked bean and lettuce sandwiches, apple sauce, sweet chocolate.

United Doctors' Specialist

Brings the Knowledge of Their Organization and Experience in Their

Successful Treatment of

THOUSANDS OF CASES

Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape-worm, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name.

"Bloodless Surgeons."

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians.

Renown Peanut Butter

*Is Packed With a Care
Worthy of the Product*

When you order a jar of Renown Peanut Butter from your grocer, you have double assurance of the highest quality.

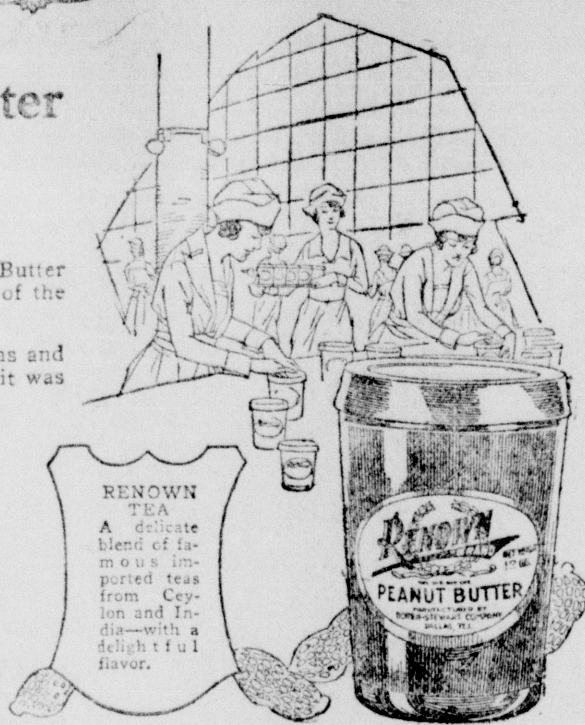

Not only are the finest peanuts grown in Texas and Virginia blended in that jar; the plant where it was packed is a model food institution.

Employees selected for their intelligence and skill handle Renown Peanut Butter. They are well-paid; the minimum at this Boren-Stewart plant is often the maximum in other plants of like nature. Naturally, they give their best to maintain absolute cleanliness, and produce a food of highest quality.

So you may use Renown Peanut Butter on all occasions with the certainty that the tightly sealed glass jar (with every bit of air excluded by a special vacuum process), contains pure, wholesome, nutritious food with all the original flavor and freshness retained.

DAY FOR GINNING ACALA POSTPONED

RAIN CAUSES SETTING LATER
DATE FOR HANDLING LONG
STAPLE COTTON.

Acala cotton will be ginned Monday week, October 20, instead of October 13, as announced. This change is due to rain practically all this week, which makes it impossible to get out the cotton.

The cotton will be handled at Blanton's Gin, J. E. Burchfield, in charge of the matter for the farmers, urges that the postponement be noted by the farmers so that every one having Acala cotton will bring it to the gin Monday, October 20.

The purpose of ginning this variety at one time is to save the seed. Mr. Burchfield says he is willing to pay a premium of 50 cents a bushel for all of it any farmer wants to sell at this time, and will likely command a higher premium next spring.

FARGO MAN BUYS VERNON HOME.

C. S. Smith Will Move to Residence
Bought From L. P. Bonner on
South Main.

A real estate deal was transacted this week wherein C. S. Smith of the Fargo community became the owner of the home of L. P. Bonner on South Main street. The consideration was \$7,500. Mr. Bonner, in turn, purchased the residence of W. H. Evans at the corner of Fannin and Marshall streets for \$6,500. The house is now occupied by R. L. Castlebury.

Mr. Smith is a very successful farmer and stockman north of the Peace river, and he and family will be a welcome addition to the city. Mr. Smith contemplates moving here within sixty days.

7 LOCOMOTIVES BADLY BURNED IN CHILDRESS ROUNDDHOUSE FIRE

The roof of the building was badly burned, the woodwork of seven engines destroyed and considerable of the metal work badly damaged as a result of a fire which started in the Childress roundhouse about 3 o'clock Monday morning and raged for several hours.

The fire is believed to have been caused from the backfiring of an oil burning locomotive, which was being steamed up. A heavy rain and insufficient drainage had caused a large quantity of water to accumulate in the shop. A thick scum of oil had formed on top of the water and this was first ignited.

The flame spread quickly. With the assistance of the Childress fire department it was extinguished after several hours of fighting.

The loss of the damaged engines from service is unfortunate at this time, when the road is already short of motive power and the congestion of freight traffic is increasing daily. It is hoped to return the engines to service at an early date.

How to take the H. C. L. out of clothes-buying for fall CLOTHES are higher priced; all of them—good or bad. The poor ones cost about the same as the good ones---not much difference any more.

Here's some good advice; take it from us; don't try to "beat the game," and pay the lowest price; you'll get poor quality; the clothes won't last and your "High Cost of Clothing" will go up several notches.

Here's the right way; get good quality; pay for it; the wear and service you get saves for you and reduces the H. C. L.

Hart Schaffner & Marx clothes do it; they're made to give wear; your money's worth; satisfaction or your money back.

Just a Word About Fire Insurance.

Your fire insurance rate is made by the State of Texas and the Old Line Companies have to write it at that rate and the gleanings have been "powerful small" during the past ten years, and yet the "Fotch On" companies (Mutual and reciprocal) are offering to write this line for 33 1-3 reduction and glowing promises of a dividend of 25 to 50 per cent at the end of the year.

Boys, there is a "Nigger in the woodpile," and if you will read the last paragraph in your "Fotch On" policy I think you will see the whites of his eyes, viz "your written application and POWER OF ATTORNEY which you have SIGNED, together with the by-laws verbatim are a part of this contract as though written in the policy."

(POWERFUL "SARCHIN" WORDS THEN.)

We are still doing business at the rear of the Waggoner National Bank. Drop around and let's discuss this little matter.

Yours truly,
